SUBJECT - Budget estimates for 1947-48

I have the honour to state that according to Sec 32 (1) of the City of Bangalore Improvement Act 1945, a special meeting of the Board has to be held not later than the 1st May 1947 for considering the estimates of income and expenditure of the Board for the year 1947-48

2 So far as the amounts required for expenditure in connection with the Establishment, Contingencies etc. <sup>are concerned</sup> the <sup>figures</sup> are ready, but with regard to the items of expenditure and the probable outlay on works during the remaining months of the current year and for the next year, they have to be furnished by the Engineer Officer and certified by him before it could be placed before the Board for consideration and submission to Government

3 As the previous Engineer Officer, Mr Y Ramaswami was permitted to avail himself of the leave and accept appointment elsewhere as per your letter No I 11069 dated the 12th April 1947, he handed over charge of his office on the afternoon of the 16th April 1947 and proceeded to Nagpur for accepting the appointment offered to him there. Sir,

Subject - Budget Estimates for the year 1947-48  
under "30 Grants for Public Improve-  
ments"

In continuation of this office letter No 2921

dated 2-5-1947 on the above subject, I have the honour to forward herewith a Revised Estimate for 1946-47 and the Budget Estimates for 1947-48 passed by the Board at its meeting held on 16-6-1947, when the following resolution was passed

"RESOLVED that the revised figures for 1946-47 and the Budget Estimates for 1947-48 with the alterations proposed by the Chairman being incorporated therein, be approved and sent to Government for sanction together with the Explanatory Note "

2 The salient features both under "Receipts and Expenditure" have been explained in the Proceedings of the Meeting as well as in the Explanatory Note accompanying the Budget Estimates

## RECEIPTS

For the year 1947-48, a provision for an out-right grant of Rs 5,00,000/- is made as in the current year for services expenditure such as Establishment of the Board, Contingencies etc , and for executing Improvement Works of unremunerative character such as Slum Clearance etc

A sum of Rs 50,00,000/- is provided under "Advances for layout of Extensions" as all the layout schemes for which proposals have been submitted to Government are expected to be sanctioned during the year and as a major portion of this amount is required to meet the acquisition charges in respect of the lands required for the layout as in most of these cases, the acquisition proceedings are under Sec 17 of the Land Acquisition Act and the award amounts

have to be paid to the owners immediately after possession of the land is taken as otherwise, the question of payment of interest comes in. It is however necessary for the Government to advance the requisite funds to the Board for meeting the cost of acquisition and layout in the first instance and later on, recoup the advance as and when the sites are sold to the public, as all the layout schemes are remunerative.

A sum of Rs 10,00,000/- has been provided under "Realisation from the sale of sites in the several residential extensions proposed to be formed during the year" as it is expected that some of the layouts would be completed during the year.

A sum of Rs 14,850/- has also been provided under "Sale of Model Houses constructed in the Wilson Garden Extension" as orders of Government regarding their disposal are expected to be received during the year.

Under "Miscellaneous Receipts", such as Earnest Money Deposits, Municipal contribution for constructing an under-bridge on the Subedar Chattram Road, sale of released materials in the Schemes of Slum Clearance etc, a provision of Rs 1,25,550/- has been made.

No provision has been made in the Budget for "The under-ground Drainage Works" during the year 1947-48 as the unspent amount available out of the <sup>current</sup> ~~last~~ year's grant is enough to meet the expenditure in this behalf during 1947-48.

#### INDUSTRIAL SUBURB

Government having sanctioned a Scheme <sup>for</sup> ~~of~~ the formation of the "Northern Zone" and the modified 2nd Stage in the "Southern Zone" in their Order No L 11863-9/M1 111-46-2 dated the 27th February 1947 and directed that steps be taken to work out the Schemes with utmost expedition, the

the funds necessary to meet the cost of acquisition and layout are required to be placed at the disposal of the Board without delay with a view to meet the cost of acquisition and layout charges. Government have directed that all expenditures incurred on Industrial Suburb be booked under a new head to be opened as "Formation of Industrial Suburb in Bangalore - 30 Grants for Public Improvements" and all receipts by the sale of sites be credited to the Revenue head - "XIII Miscellaneous". These directions will be adhered to.

#### EXPENDITURE

During the current year, the Board has not incurred any expenditure on the Industrial Suburb so far. But, a provision of Rs 5,00,000/- is made in the Budget to meet the cost of acquisition in respect of lands already acquired, as payments of awards to ~~the~~ this extent are expected to be made to the owners of land before the close of the current official year. Deducting this Rs 5,00,000/- out of Rs 22,42,000/- sanctioned by Government for the 1st Stage in their order of the 26th April 1945, the balance required to work out the Scheme is estimated at Rs 45,67,000/- as already explained in this office letter No 2921 dated 2-5-1947. Provision has been made in the Budget Estimate for 1947-48 for State Grant to this extent viz, Rs 45,67,000/- under "The Formation of the Industrial Suburb".

Anticipated realisation from the sale of sites in the Industrial Suburb during the year is estimated at Rs 15,00,000/- on a modest Scale.

Assuming that sanction would be accorded by Government to the grants proposed under various heads as detailed in the Budget Estimate, the total anticipated receipts for the year 1947-48 is estimated at Rs. 1,39,45

As against this, the total expenditure booked for the year is Rs 1,37,76,676/- leaving a Closing balance of Rs 1,68,923/- as detailed in the enclosed abstract and the Explanatory Report

I request that as resolved by the Board, sanction of Government may kindly be obtained to the Budget Estimates for 1947-48 sent herewith. A copy of the Budget Statement has been sent to the Comptroller to Government and to the Financial Secretary also

The Grants required under the various Heads as detailed in the Budget Estimate may kindly be sanctioned

Subject - Budget Estimates for the year 1947-48  
under "30 Grants for Public Improve-  
ments "

"RESOLVED that the revised figures for 1946-47 and the Budget Estimates for 1947-48 with the alterations proposed by the Chairman being incorporated therein, be approved and sent to Government for sanction together with the Explanatory Note."

### RECEIPTS

A sum of Rs.50,00,000/- is provided under "Advances for la, out of Extensions" as all the layout schemes for which proposals have been submitted to Government are expected to be sanctioned during the year and as a major portion of this amount is required to meet the acquisition charges in respect of the lands required for the layout as in most of these cases, the acquisition proceedings are under Sec 17 of the Land Acquisition Act and the award amounts

have to be paid to the owners immediately after possession of the land is taken as otherwise, the question of payment of interest comes in. It is however necessary for the Government to advance the requisite funds to the Board for meeting the cost of acquisition and layout in the first instance and later on, recoup the advance as and when the sites are sold to the public, as all the layout schemes are remunerative.

A sum of Rs 10,00,000/- has been provided under "Realisation from the sale of sites in the several residential extensions proposed to be formed during the year" as it is expected that some of the layouts would be completed during the year.

A sum of Rs 14,850/- has also been provided under "Sale of Model Houses constructed in the Wilson Garden Extension" as orders of Government regarding their disposal are expected to be received during the year.

Under "Miscellaneous Receipts", such as Earnest Money Deposits, Municipal contribution for constructing an under-bridge on the Sibedar Chattram Road, sale of released materials in the Schemes of Slum Clearance etc., a provision of Rs 1,25,550/- has been made.

No provision has been made in the Budget for "The under-ground Drainage Works" during the year 1947-48 as the unspent amount available out of the <sup>Current</sup> last year's grant is enough to meet the expenditure in this behalf during 1947-48.

#### INDUSTRIAL SUBSIDIES

Government having sanctioned a Scheme for the formation of the "Northern Zone" and the modified 2nd Stage in the "Southern Zone" in their Order No L 11863-2/11 111-16-2 dated the 27th February 1947 and directed that steps be taken to work out the Schemes with utmost expedition, the

the funds necessary to meet the cost of acquisition and layout are required to be placed at the disposal of the Board without delay with a view to meet the cost of acquisition and layout charges. Government have directed that all expenditures incurred on Industrial Suburb be booked under a new head to be opened as "Formation of Industrial Suburb in Bangalore - 30 Grants for Public Improvements" and all receipts by the sale of sites be credited to the Revenue head - "XIII Miscellaneous". These directions will be adhered to.

Provision has been made in the Budget Estimate for 1947-48 for a State Grant to this extent viz, Rs 45,67,000/- under "The Formation of the Industrial Suburb".

CITY IMPROVEMENT TRUST BOARD,  
Bangalore, Date.17th June.47.

A short Note on the Revised Budget.

RECEIPTS

Under receipts all the expected receipts by way of Government Grants and Contributions from the Municipality for the works under Trust Funds proper have been realised except the sum of Rs.14,850/- provided under realisation from the sale of Six Model Houses in the Wilson Garden Extensions as final orders of Government regarding the disposal of houses have not yet been received.

A sum of Rs.3,00,000/- was anticipated from the sale of sites. But the Schemes for the layout of extensions submitted to Government are not yet sanctioned except Kumara Park West which is received in the month of April. The expected sum could be realised as the layout has not yet been commenced. *of*

Under miscellaneous and other receipts, only a sum of Rs.500/- is shown as probable realisation against the provision of Rs.2,000/-, as sanctions to the several Schemes submitted to Government are awaited.

Under contribution the amount of Rs.7,79,027½, as provided in the Budget, including the State-grant and Municipal contributions for the comprehensive Schemes of Drainage work and certain private contribution works has been realised. The sum of Rs.77,298/- being the advance given to the Stadium - works from Trust Funds has also been fully realised.

P.T.O.

Under Advances -

Against a provision of Rs.10,00,000/- no out-lay has been so far incurred as sanctions to many Schemes submitted to Government have not yet been received except Kumara Park West which was also received late in the year. Hence the Board was not in a position to draw this sum as no outlay is likely to be incurred in this behalf. The full provision is deleted.

Formation of Industrial Suburb -

In the revised budget a sum of Rs.5 lakhs has been retained as against 10 lakhs (being the Government grant - Rupees. Eight lakhs for the Industrial Suburb and Rs.2 lakhs for shifting the Bamboo Bazaar and Timber Yard), sanctioned in the original budget as only Rs.5 lakhs is expected to be spent towards acquisition charges in respect of lands already sanctioned.

Under sale of sites also, only a sum of Rs.3 lakhs has been retained in the revised budget as against 6 lakhs provided in the original budget, as the year is drawing to a close and many sites are not expected to be sold.

Thus only a sum of Rs.25,95,132/- will be the expected receipts as per revised Budget against the sum of Rs.47,31,523/- anticipated.

EXPENDITURE.

Under Expenditure also are lapses which is mainly due to the non-receipt of Orders from Government sanctioning the several schemes sent up and also due to the receipt of sanctions in some cases late in the year.

Under Drainage works only a sum of Rs.1,74,050/- has been booked against a grant of Rs.7,79,027/- as provided in the Budget

to end of February 1947. Taking that a sum of Rs.1,00,000/- more would be booked during the remaining months of the year the total expenditure for the current year comes to Rs.2,74,050/-.

Under unremunerative works only a sum of Rs.80,000/- is expected to be spent during the current year being the anticipated amount that may be spent for construction of Tenemental Quarters at Kumara Park West Extensions.

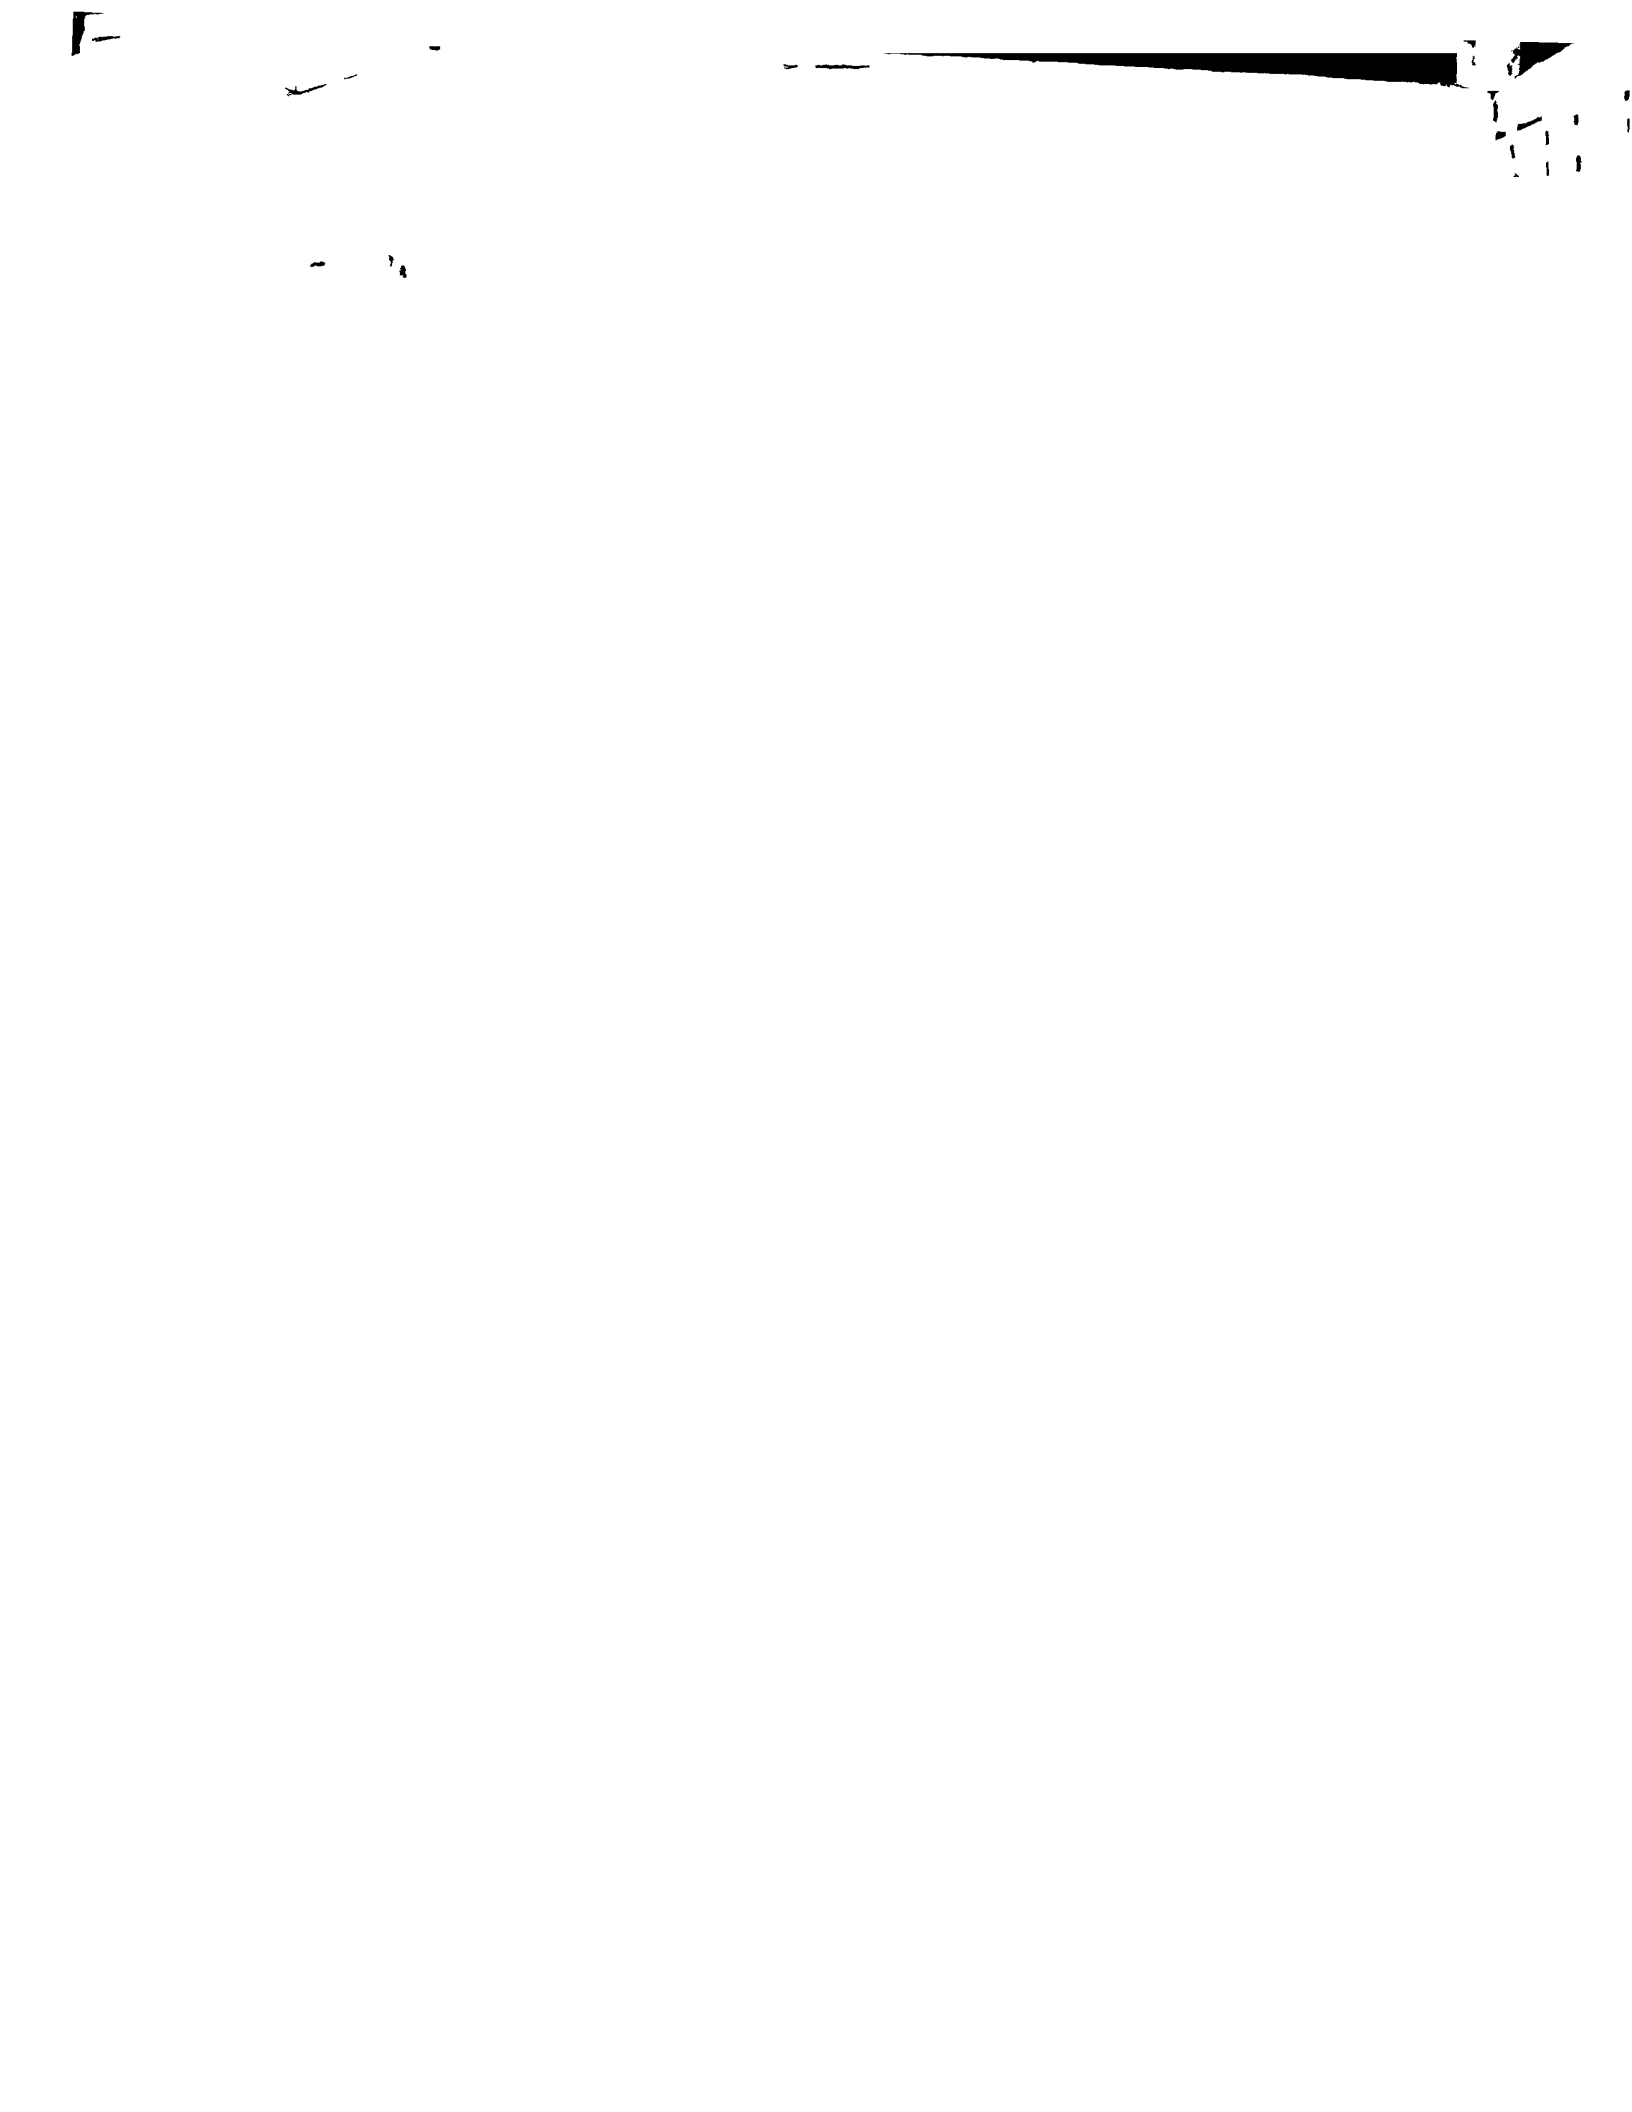

Under Advances for the lay-out of Extensions

No outlay is booked so far due to non receipt of sanction to the several Schemes submitted to Government except Kumara Park West Extension which is received during April 1947.

The Scheme of Industrial Suburb (modified 2nd stage) has been sanctioned very recently. Therefore only a sum of - Rs.5 lakhs to cover the acquisition charges is retained. Thus a sum of Rs.13,31,433/- is expected to be spent as against a sum of Rs.42,88,852/-. The Closing Balance under the Fund head will work up to Rs.12,63,749/- which has been taken as Opening Balance for the next year, on basis of which the provisional budget for 1947-48 is prepared.

SUBJECT. Budget estimates of the Trust Board  
for 1947-48 as modified -

Referring to the correspondence ending with your -

vise the draft budget estimates of the Trust Board in the -  
light of the provision made in the State Budget for 1947-48,  
I have the honour to forward herewith for favour of sanction  
of Government revised budget estimates of the Board for 1947-48  
passed by the Board at its meeting held on 30-9-1947 when the  
following resolution was passed -

"RESOLVED that the revised budget estimates for  
1947-48 be approved and the same sent to  
Government for sanction "

"Any extra grant required over and above the -  
budget provisions be applied for separately "

2 The salient features both under "Receipts and Expendi-  
ture" have been explained in the Explanatory note accompanying  
the budget estimates

#### RECEIPTS

The Opening Balance at the beginning of the year -  
was Rs 8,15,238/- An outright grant of Rs 5 lakhs has been  
sanctioned by Government for the current year as in previous

previous years for service expenditure such as Establishment, Contingencies etc , and for executing improvement works of - unremunerative character such as Slum Clearance etc A provision of Rs 10 lakhs has been made in the State Budget under - "Advances for layout of extensions " A sum of Rs 10 lakhs - has been provided under "Realization from the sale of sites in the several residential extensions proposed to be formed during the year", as it is expected that some of the lay-outs would be completed during the year

The sum of Rs 14,850/- provided for in the Provisional budget previously prepared under "Realization from the sale of Lodel houses" in the "Wilson Garden extension has been deleted in the Revised Budget estimates now prepared as no orders of Government have yet been received regarding the mode of disposal of these houses

Under "Misc Receipts", such as Earnest money deposits, municipal contribution for constructing an under-bridge on the Subedar Chattram Road, sale of released materials in the Schemes of Slum Clearance etc , a provision of Rs 1,72,602/- has been made

No provision has been made for the under-ground - drainage works as the unspent amount of Rs 5,59,059/- is available out of the previous year's grant which is enough to meet the expenditure in this behalf

INDUSTRIAL SUBURB - The grant sanctioned in the State Budget for the current year for the above Scheme is - Rs 22,50,000/- and this amount has been provided in the Budget under the "Industrial Suburb" A sum of Rs 15 lakhs is provided under "The anticipated realization from the sale of sites "

Government have directed that all expenditure - incurred on Industrial Suburb Scheme to be booked under a new head to be opened as "Formation of Industrial Suburb in Bangalore - '30 Grants for Public Improvements" and all receipts by the sale of sites be credited to the revenue head "XIII Misc " These directions will be adhered to

According to the revised grades sanctioned in - G O No F1 2010-70/S & A 25-47-6 dated 21st September 1947 the cost of establishment would get increased That exactly the increased cost in this behalf could be, can be determined only after the proposition and Allocation statements in this behalf are submitted to Government by the concerned - Heads of Departments whence the officials of the several - Sections such as Administrative, Accounts and Engineering, have been drawn, and they are sanctioned by Government

This would be intimated later on and the extra cost on this account could be met out of the Closing Balance of the Trust Funds

Under "Tools and Plant", a sum of Rs 1,60,700/- - has been provided

Under "works of an unremunerative character" a provision of Rs 8,60,000/- has been made

Under 'Debts, Deposits and Advances', a provision of Rs 23,72,661/- has been made.

Thus, the total receipts for the year under all - heads inclusive of the Closing Balance of the previous year comes to -

CITY IMPROVEMENT TRUST BOARD,  
Bangalore, Date 17th June 47

A short Note on the Revised Budget

RECEIPTS

Under receipts all the expected receipts by way of Government Grants and Contributions from the Municipality - for the works under Trust Funds proper have been realised except the sum of Rs.14,850/- provided under realisation from the sale of Six Model Houses in the Wilson Garden Extensions as final orders of Government regarding the disposal of houses have not yet been received.

A sum of Rs 3,00,000/- was anticipated from the sale of sites But the Schemes for the layout of extensions submitted to Government are not yet sanctioned except Kumara Park West which is received in the month of April. The expected sum could be realised as the layout has not yet been commenced

Under miscellaneous and other receipts, only a sum of Rs.500/- is shown as probable realisation against the provision of Rs 2,000/-, as sanctions to the several Schemes submitted to Government are awaited

Under contribution the amount of Rs.7,79,027~~8~~, as provided in the Budget, including the State-grant and Municipal contributions for the comprehensive Schemes of Drainage work and certain private contribution works has been realised. The sum of Rs 27,298/- being the advance given to the Stadium - works from Trust Funds has also been fully realised.

Under Advances -

Against a provision of Rs.10,00,000/- no out-lay has been so far incurred as sanctions to many Schemes submitted to Government have not yet been received except Kumara Park West which was also received late in the year. Hence the Board was not in a position to draw this sum as no outlay is likely to be incurred in this behalf. The full provision is deleted.

Formation of Industrial Suburb -

In the revised budget a sum of Rs.5 lakhs has been retained as against 10 lakhs (being the Government grant - Rupees Eight lakhs for the Industrial Suburb and Rs 2 lakhs for shifting the Bamboo Bazaar and Timber Yard), sanctioned in the original budget as only Rs 5 lakhs is expected to be spent ~~during~~ <sup>acquired</sup> towards acquisition charges in respect of lands already sanctioned.

Under sale of sites also, only a sum of Rs.3 lakhs has been retained in the revised budget as against 6 lakhs provided in the original budget, as the year is drawing to a close and many sites are not expected to be sold

Thus only a sum of Rs 25,95,182/- will be the expected receipts as per revised Budget against the sum of Rs 47,31,528/- anticipated.

EXPENDITURE.

Under Expenditure also are lapses which is mainly due to the non-receipt of Orders from Government sanctioning the several schemes sent up and also due to the receipt of sanctions in some cases late in the year.

Under Drainage works only a sum of Rs.1,74,050/- has been booked against a grant of Rs 7,79,027/- as provided in the Budget

to end of February 1947. Taking that a sum of Rs.1,00,000/-  
-more would be booked during the remaining months of the year  
the total expenditure for the current year comes to Rs 2,74,050/-.

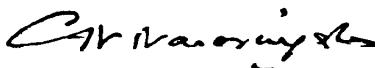

Under unremunerative works only a sum of Rs.80,000/-  
is expected to be spent during the current year being the anti-  
cipated amount that may be spent for construction of Tenamental  
Quarters at Kumara Park West Extensions.

Under Advances for the lay-out of Extensions

No outlay is booked so far due to non receipt of sanc-  
tion to the several Schemes submitted to Government except Kumara  
Park West Extension which is received during April 1947.

The Scheme of Industrial Suburb (Modified 2nd stage)  
has been sanctioned very recently. Therefore only a sum of -  
Rs 5 lakhs to cover the acquisition charges is retained. Thus  
a sum of Rs 13,31,433/- is expected to be spent as a-against a  
sum of Rs.42,88,852/-. The Closing Balance under the Fund head  
will work up to Rs.12,63,749/- which has been taken as Opening  
Balance for the next year, on basis of which the provisional  
budget for 1947-48 is prepared.
